Vivian C. Rodriguez PA was established to provide legal services in the family law area in Miami-Dade County, Florida. The emphasis of the firm is to provide service directly to the client, without having to go through a series of legal assistants; and to make going through the legal system as easy as possible to resolve legal disputes related to family problems often found in divorce and paternity cases.

Vivian C. Rodriguez has been practicing since 1988. Since 2003 she has dedicated her practice exclusively to matters of divorce, paternity and domestic violence. This includes providing services to modify child support or timesharing previously decided by a court.

Vivian recognizes that not all clients need long and expensive legal actions. With this in mind she created MiamiDivorceOnline.com, which seeks to provide flat fee, uncontested divorces for those who "just want a divorce."

Because people often need information about divorce and related matters, she has published such books as *Divorce: Why Fighting in Court Will Only Make You BOTH Poorer*, *Divorce Negotiations: 5 Principles to Help You Succeed*, and *How to Calculate and Understand Florida Child Support*, among others. You can find these publications on Amazon's Kindle store.

"Vivian is the best attorney anyone could ask for. She handled my divorce in a quick and painless manner. From the time of initial contact to her preparation of the filing documents it was literally less than 24 hours. Once I handed her all the executed documents, she had a hearing date less than three weeks away! I would not hesitate to recommend her to anyone seeking a knowledgeable, expedient and reasonably priced attorney." Thanks Vivian!! **Bibi Villazon**
